**9. Objective of the event:**

The primary objective of the event was to provide a platform for students, researchers, and faculty to engage with cutting-edge developments in Artificial Intelligence by learning directly from a global expert. The lecture aimed to foster academic curiosity, encourage interdisciplinary research, and highlight real-world applications and emerging challenges in AI. By inviting Dr. Ahmed Tewfik, a prominent figure in the AI community, the event sought to bridge the gap between theoretical knowledge and industry-driven innovation.
